## Objective

I am a young energetic, optimistic and a hardworking web developer with 1-2 years of experience in building user-friendly web applications using html,css,javascript, react js and flutter.I am also proficient in developing and integrating backend using Nodejs and firebase. I am an open minded person who loves to solve problems through tech. I am an active learner, my hobby it is also educational, I am a fundza partime reader and was announced as fundza cover letter 2022 competition winner. My objective is to work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately.

---

## Experience

### Mlab South Africa

1 June 2023 -

Software developer trainee

November 2023

I am a software developer trainee, with high knowledge in languages and tools not limited to react js, JavaScript, react native, firebase and rest APIs.

### Limitless Horison PTY LTD

05/03/2023 -

Freelancing

06/03/2023

I was given a poster to make a landing page out of it. I used html, Css and JavaScript to develop this landing page.

### Africa Agility

24/10/2022 -
